Location: Egypt

PROFESSIONAL SUMMARY

Fourth-year Computer Science student at Zagazig University with a strong academic record (GPA: 3.5; overall grade: 84%). Building a foundation in software development with C#, C++, SQL, data structures, and algorithms. Interested in .NET backend development and currently developing web fundamentals through HTML and CSS.

EDUCATION

Faculty of Computers and Information, Zagazig University
Fourth-Year Student | GPA: 3.5 | Overall Grade: 84%

TECHNICAL SKILLS

- **Programming Languages:** C#, C++
- **Web Technologies:** HTML, CSS
- **Database:** SQL and relational database fundamentals
- **Computer Science:** Data Structures, Algorithms, Object-Oriented Programming (OOP)
- **C# Topics:** C# fundamentals and advanced language concepts; delegates and events

PROJECTS

Console Applications | Multiple practice and personal projects

- Developed several console-based applications using C# and C++ to practice programming fundamentals, object-oriented concepts, and problem-solving.

Database Project | SQL

- Designed and worked with a database as part of practical learning, applying SQL and relational database concepts.

Personal Portfolio Website | HTML & CSS

- Built a first personal portfolio website using HTML and CSS to present personal information, skills, and project samples.

LANGUAGES

- **Arabic:** Native
- **English:** A2 (Elementary)

CAREER OBJECTIVE

Seeking an opportunity to gain practical experience, strengthen software engineering skills, and progress toward a .NET Backend Developer role.
